Isola

A new series created for new social habits and space experiences of our new world, designed by Alp Nuhoğlu. Isola has two alternative dimensions and models, presenting solutions for hotels, hospital waiting areas, airport lounges and co-working spaces.

Isola

Sofa

Indoor

Standard armchair of Isola series with its wooden armrests stands out as an example of elaborate craftsmanship. The solid wood structure is produced as a single piece, combining the armrest with the base, exposing a complete framework. Offering maximum comfort with its perfect backrest angle, Isola makes its ergonomics even more visible with its big and soft cushion covering the entire back surface.

Isola

Sofa

Indoor

The high-back chair of the series, Isola Private brings solutions to today's social distance and isolation needs with thoughtful details. Armrests, branches of a monolithic frame, create a sheltered area for the user with sections extending from the top to the front. Isola Private, which is also considered as a comfortable resting corner with head support and cushion, is a design that fully realises the acoustic privacy that inspired its name.
